

Sets

Q1.

Read the venn diagram and write the elements of each set.

i. $A = \{ a, d, f, i \}$

ii. $B = \{ c, d, g, i \}$

Notebook Task:

Q2.

If U = Set of integer between 1 and 30, $A = \{ 3, 6, 9, 12, 15, 18, 21, 27 \}$ and B = Set of all factors of 30 then draw a venn diagram to illustrate the given information.

Q3.

Observe the venn diagram and list all the element of each set.
