

Play, Learn & Grow

Pack

25 pages for sample - www.SummerPacks.com

Preface

Learning is an essential tool that encourages our minds and soothes our souls. Learning is mainly significant when teachers are no longer the main source of information and knowledge. For example, young people regularly use information technologies to connect with other people and information. An individual's ability to discover and critically appraise information from such sources is vital for learning throughout life.

Bookline designed "Play, Learn & Grow" packs for Playgroup to Grade 8 students. This pack accumulated a list of educational tasks to keep the child engaged in healthy learning activities. This pack is intended to do the weekly task on different ideas with little help from parents or teacher. 4 days of the week are covered with various learning skills, whereas Fridays and Saturdays are for the evaluation.

This pack is entirely based on a National Curriculum of Pakistan. The pack has included language literacy, mathematical skills, the world around us, and personal development concepts. Activities are skill-based and age-appropriate.

We hope this pack will serve as an excellent resource for parents and schools.

Contents

Task	Personal Development	English	Math	Urdu	
Week 1	1	<i>The Belief</i>	<i>Writing Skills</i>	<i>Patterns</i>	زبان دانی
